

AMEROX® GAS WELDING AND CUTTING KIT

DESCRIPTION

The AMEROX Gas Welding and Cutting Kit is especially designed to meet the highest standards of the worldwide marine industry and to perform under the most rigorous shipboard conditions.

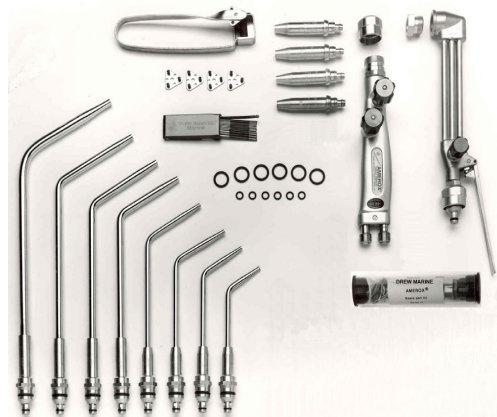

All parts in the AMEROX kit are fully interchangeable with most existing equipment now onboard and are designed and constructed to provide top performance and reliability. Safety is always a prime consideration, from the nozzle mixing design of our cutting attachment to the recommended flashback arrestors and backfire valves, which no welder should be without. One example is the chrome plating on AMEROX blowpipes, which is specifically applied in order to avoid spatter adherence and to reduce heat transfer and possible backfires.

Our products are designed to perform safely and reliably under the toughest shipboard conditions. They are supported with parts and service through the Drew Marine organization in all major ports throughout the world.

The AMEROX Gas Welding and Cutting Kit contains all basic components required for manual gas welding, cutting and brazing onboard ship. The product code number for the complete kit is 523010. Kit components, listed here, may be ordered as individual replacement parts using the product code numbers indicated.

Please refer to pages 10 and 11 of the Drew Marine Welding and Refrigeration Products catalog (#WRP-9) in order to choose other system parts such as regulators, hoses, backfire valves, flashback arrestors and safety and protective equipment necessary to complete an installation.

NOTE: Drew Marine blowpipes, nozzles, cutting attachments and torch handles may be fully interchangeable with existing parts now onboard. These existing parts may be worn or otherwise unsafe and therefore should be replaced with new Drew Marine equipment to avoid possible serious damage or injury.

PCN 0523010

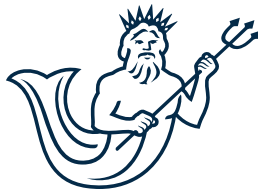

KIT CONTENTS

Description	PCN
Torch Handle - Complete with 3/8" sockets and nuts	0526014
Welding Blowpipe - 50 Liter/Hr	0527012
Welding Blowpipe 100 Liter/Hr	0528010
Welding Blowpipe 225 Liter/Hr	0529018
Welding Blowpipe 400 Liter/Hr	0530015
Welding Blowpipe 650 Liter/Hr	0531013
Welding Blowpipe 1000 Liter/Hr	0660010
Welding Blowpipe 1300 Liter/Hr	0532011
Welding Blowpipe 1650 Liter/Hr	0533019
Cutting Attachment 90°	0535015
Cutting Roller Guide	0538019
Cutting Circular Bar and Center	0537011
Cutting Nozzle 3-10MM	0536013
Cutting Nozzle 10-30MM	0661018
Cutting Nozzle 30-60MM	0539017
Cutting Nozzle 60-100MM	0540014
Cleaning Needles	0541012
Spanner (not shown)	0665010
Spare Parts Kit	0545014
Carrying Case	0790015
Welding and Cutting Guide	WRP-17
Safety and Operating Instruction Booklet AMEROX Products	WRP-12
